Forecast For East of England
Issued by Met Office Exeter
at 0400 on Thursday 08 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry morning, scattered afternoon showers, locally heavy.

Today:
Any overnight mist patches short-lived. Dry with bright or sunny spells through the morning. Scattered showers developing, perhaps turning locally heavy or thundery. Showers gradually dying out in the evening. Light winds. Maximum temperature 23 deg C (73 deg F).

Tonight:
It will become mostly dry overnight with some clear spells, and perhaps the odd mist patch forming. Winds will remain generally light. Minimum temperature 13 deg C (55 deg F).

Friday:
Mostly dry morning with sunny spells. Scattered afternoon showers developing, these could still be locally heavy. The showers then gradually dying out in the evening. Maximum temperature 23 deg C (73 deg F).

Outlook for Saturday to Monday:
Staying unsettled, with further sunny spells and showers throughout. These are likely to be heavy or thundery at times, particularly Saturday and Monday. Temperatures mostly near normal.
